# Become a Volunteer

Loudwater is a Community Arts Studio, part of the charity Vision Homes Association. The Studio is open Monday to Friday and has lots going on for everyone to enjoy. Being a charity we're limited on staff but there's lots to do so we need your help. We have a number of different roles available, and all volunteering times is given back in Studio hours.

## Roles

### Group Support (Disabled Adults)

Come and join our groups assisting adults with disabilities to engage in creative activities. Working with the group, or sometimes individually you'll be helping to inspire creativity and confidence building.

### Retail Assistants

Come and help us get our new shop area off the ground and up and running. Assisting with daily tasks such as stock control, sales and general assistance, this is a great role for someone who likes being organised and meeting new people.

### Receptionist / Administrator

Do you like admin? Would you be happy to sit at our reception and meet all visitors to the Studio? Then we need you. With lots of events bookings to organise, visitors to meet and messages to take, we need your help.

### Makers

Do you love being creative, but are running out of space for all your creations? How about making for Loudwater to help us raise funds? We can supply you with the materials but are happy for you to work to your own creations.

### Activity Provider

Do you have lots of creative inspiration? Would you be happy running activities and workshops for the Studio? Whether you're helping to support one of our groups, or running a workshop independently, you could help in many ways.

### Cleaner / Caretaker

Loudwater welcomes many different people to the Studio everyday and the space can be hired evenings and weekends too. You could assist us with out of hours bookings and cleaning is always a priority. Whether it's giving the floor a sweep, the toilets a clean, or locking up after a group to make sure everything is clean and tidy, this is a vital role to help the smooth running of the Studio.

### Group Support (Children)

With a regular Home Education group, birthday parties and activities during school holidays there's lots for children to enjoy at Loudwater. You will help support staff with activities, building confidences and inspiring creativity in young minds.

### Woodworkers

We have many people who enjoy woodworking but our skills are limited and we need people to help.

### Donation Sorter

Are you good at tidying and organising? Then we need you! Loudwater receives many donations from people in the local area and beyond. But this all needs sorting through and tidying. Many hands make light work and keeping our stocks updated will allow things to run much more smoothly and confidently.

### Fundraisers

Are you good at baking cakes, organising raffles, tombolas and other activities or would you be happy to man a stall raising money on our behalf? Then this is the role for you. The Studio is part of a charity and we need lots of funding to keep the Studio going. Working with studio staff and a team of like minded fundraisers there's always lots to do.

### Handyperson

Are you good at general maintenance? Would you be able to support us in the Studio to keep everything fixed and in good working order? Whether it's fixing, making or a bit of decorating there's lots to keep you busy at Loudwater.

### Marketing Assistant

Could you help us with listing events and general marketing to help us raise awareness of the Studio? With leaflets to distribute and Social Media to keep updated, there's lots you can do to help.
